

We are hosting the Canterbury Summer Challenge
@ Lake Hood Ashburton held on the Sat 18/01/2025.

Canterbury Summer Challenge @ Lake Hood Ashburton

Hosted by Mid Canterbury Model Power Boat Club & Lunch sponsored by RC Parts

This will consist of 4 heats of 5 oval laps for each class, apart from King of the lake which will be a one off 10 lap race.

Events to be raced:

Open Tunnel – 4 heats of 5 laps

Open Mono – 4 heats of 5 laps

Open Sport hydro – 4 heats of 5 laps

Stock 26 or 28.5cc Tunnel, Mono or Tboat – 4 heats of 5 laps

King of the lake 1 heat of 10 laps

NZMPBA racing rules will be used, however it will not be a sanctioned NZMPBA regatta.

This means that we highly recommend you have electronic kill switches, they will not be mandatory.

For the stock engine class, we will accept 25, 28.5 and 29.5cc engines but they need to be stock from the factory with no modifications to carbs and Zenoah as per NZMPB rules. We want this class to be fun and some close racing.

This is a fun event and to try and get in as much racing as we can. \$15 entry fee and late entries will be \$25. Money will go toward 1st Place Prizes + Certificates & replacement of damaged buoys.

Saturday 8am - 9am practice

9am race briefing

9.15am racing begins

Open Sport Hydro

Open Tunnell

Open Mono

Stock

King of the Lake

Prize Giving end of Day

BBQ Lunch Provided by RCParts

It will be a busy day as we will try and make this a one-day event to try and keep costs down for those traveling.
